Rasha Alsaleh

Full Stack Developer

+962 781277089 | info@rashaalsaleh.com | rashaalsaleh.com | GitHub: @rasha-2k

Profile Summary

Full Stack Developer focused on backend systems, clean architecture, and high-quality delivery. Known for strong problem-solving and proven performance in competitive settings.

Education

B. Tech in Software Engineering Oct 2022 - Present
Amman Arab University

Technical Skills

- **Languages:** PHP, C#, Go, JavaScript, JAVA
- **Databases:** MySQL, PostgreSQL, SQLite, SQL Server
- **Backend:** REST APIs, JWT authentication, MVC architecture
- **Frameworks & Libraries:** ASP.NET, Tailwind CSS, Bootstrap, Charts.js
- **Tools:** Docker, GitHub Actions, Jira, Trello, Postman, Linux
- **Dev Practices:** Agile development, responsive UI, role-based access, clean code

Projects

1. **PackTrack** – Smart Delivery Dashboard (2025)

   Developed a role-based PHP & MySQL backend with JWT auth, integrated external tracking APIs, and visualized analytics via Chart.js for a responsive delivery dashboard.

2. **GYM Management System** – ASP.NET Core MVC System (2024)
   Built a full-featured Gym Management System in .NET Core (C#) with SQL Server, enabling CRUD operations for users, packages, and instructors with clean MVC architecture.

Achievements & Activities

- **NASA Space Apps Challenge:** Creativity Award (The Planetary Explorer Game) - Oct 2024.
- **AAU-XDT 2024:** 2nd place, UI/UX design competition - May 2024.
- **JCPC23:** Participated in a regional programming competition - Nov 2023.
- **AAU-PC 2023:** 4th place, 1st Team to solve - May 2023.
