Rasha Alsaleh

Software Engineer

(+962) 781277089 | info@rashaalsaleh.com | https://rashaalsaleh.com/ | GitHub: @rasha-2k

Profile Summary

Detail-oriented software engineering student specializing in software quality assurance and testing. I bring a solid understanding of manual testing principles and techniques, with growing expertise in automation testing tools. Recognized for creativity and analytical skills in national competitions, I excel in ensuring the delivery of reliable, high-quality software. I aspire to build a career in software quality assurance and backend development, leveraging my skills in testing, coding, and team collaboration.

Education

B. Tech in Software Engineering | Oct 2022 - Present
Amman Arab University

Certifications

- **QA Software Testing Course,** The Hope International | 40 hours - 2024
- **PMI-ACP Exam Prep Course,** Udemy - 2024

Activities

- **NASA Space Apps Challenge:** The Creativity Award | By developing The Planetary Explorer Game - Oct 2024.
- **AAU-XDT 2024:** 2nd place | UI/UX design competition - May 2024.
- **3Minutes Competition:** 3rd place | By introducing UniBus project idea - Jan 2024.
- **JCPC23:** Participated in a regional programming competition - Nov 2023.
- **AAU-PC 2023:** 4th place | 1st Team to solve - May 2023.

Technical Skills

- **Programming Languages:** C++, JAVA, C#, PHP, JavaScript, Dart.
- **Testing Tools:** Postman (API testing), Selenium, Fiddler (API & Performance testing), Junit.
- **Automation Testing:** Appium studio, ghost inspector.
- **Databases:** MySQL, PLSQL, SQLite.
- **Frameworks:** ASP.NET, Flutter, Bootstrap.
- **Tools:** Jira, GitHub, VirtualBox, Unity Engine.
- **Other Technologies:** Figma, Linux, Canva, Agile methodologies.
